70/23 Funding Policy and Application Form

Funding Policy had previously been sent to the councillors and a new application form was distributed prior to this meeting. A lengthy discussion followed where amendments were made to the funding policy: -

- An individual can make an application by approaching a councillor who will bring the application to the full council meeting on the individual's behalf.
- Applications require that the group/organisations need to be constituted. It was pointed out that a number of the groups/organisations do not have bank accounts and are not constituted therefore it was agreed that applications can be made, and the community council needs to check that everything is in order before giving a grant.
- Evidence is required of any other grant application from a different source.
- Explanation to be given if the application is not awarded.
- On the application form a statement – our mission is to be put in at the beginning of the form.

A discussion followed on the amount of grant to be given. The amount of grant to be given will be further discussed in April.

It was proposed that all councillors be given a small amount of money to donate to a charity. The donation will be brought in front of the whole council for agreement. This will be done in February of each financial year.
